

ECOCoach™

Compressed Natural Gas Commuter
By DesignLine

Inter-Urban

Fleet

Commuter

With over 25 years experience in commuter coach manufacturing, DesignLine USA introduces the ECOCoach, a Compressed Natural Gas commuter coach specifically designed for the North American market.

The ECOCoach is the latest innovation from DesignLine, the leader in alternative propulsion system technologies. DesignLine prides itself on having a world-wide reputation for quality and service, with products sold world-wide from the US to Australia to the UK to Japan.

Designed in the USA, DesignLine's expertise has been proven time and again in coach design, engineering and manufacturing. No one can match DesignLine's experience, technology and products.
